

Spring/Summer 2015 | Spring Break

Spring break becomes an exciting adventure - traveling south, meeting the summer half-way. Neat new places to discover, untouched and secluded - islands of perfect solitude and peace; long walks on the beach in the mornings, when the sun just barely touched the gleaming sand - not quite warm yet, but with a pleasant silky feel; new swells to catch, surfing the ocean waves. Watermelon pink, tangerine orange and vibrant turquoise; all create a sunny tropical mood, accentuated perfectly by vintage avocado, golden mustard, sun-bleached pink and soft lemon. The bright colors make a perfect fusion with the soft retro shades for endless color combinations. Vintage-looking prints of exotic flowers and birds, nautical stripes and wavy patterns are an important way of showcasing the colors and the theme.
