

Top ColorWall™ Colors of All Time | Grey

With data collected from 10+ years of ColorWall™ usage across more than 100 brands and retailers, we would like to present the “Top ColorWall Colors of All Time”. The colors chosen for this report were selected as top performing colors from more than 80,000 seasonal color palettes.

In times of uncertainty, it is helpful to look back on things we can count on. So now is a good time to see what colors we have relied on in past seasons.

In this series, we will present the colors by hue.

Grey

There are 5 colors in the Grey category, which can be used in level form.

***CW1100817 - A light grey on the yellow side**

CW1100873 - A light grey on the red side

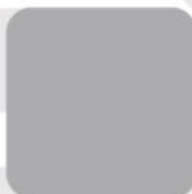

***CW1100983 - Slightly lighter than CW1100873**

***CW1100887 - Mid grey on the green side**

CW1101021 - Slightly deeper than CW1100887

*These are our most popular Grey colors in sales and palette usage
